

## **Independent Auditor's Report To the Members of Adani Water Limited**

### **Report on the audit of the Standalone Financial Statements**

#### **Opinion**

We have audited the accompanying Standalone Financial Statements of Adani Water Limited ("the Company"), which comprise the Balance Sheet as at 31<sup>st</sup> March, 2021, the Statement of Profit and Loss (including other comprehensive income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information (herein after referred to as "Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31<sup>st</sup> March, 2021, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

#### **Basis for Opinion**

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

#### **Other Information**

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the company's annual report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## **Independent Auditor's Report To the Members of Adani Water Limited (Continue)**

### **Management's Responsibility for the Standalone Financial Statements**

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the applicable Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibility**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

## **Independent Auditor's Report To the Members of Adani Water Limited (Continue)**

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

## **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in "Annexure A" statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.
2. As required by section 143(3) of the Act, we report that:
  - a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
  - b) in our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
  - c) the Balance Sheet, the Statement of Profit and Loss, the Statement Cash Flows and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;

**Independent Auditor's Report  
To the Members of Adani Water Limited (Continue)**

- d) in our opinion, the aforesaid Standalone Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended;
- e) on the basis of the written representations received from the directors as on 31<sup>st</sup> March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31<sup>st</sup> March, 2021 from being appointed as a director in terms of Section 164(2) of the Act;
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in 'Annexure B';
- g) with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
  - i. The Company does not have any pending litigations in its Standalone Financial Statements which may impact its financial position;
  - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
  - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

**3. With respect to the matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:**

According to the information and explanations given to us and on the basis of our examination of the records of the Company, managerial remuneration has not been paid /provided. Accordingly, reporting under section 197(16) of the Act is not applicable.

**Annexure - A to the Independent Auditor's Report**  
**RE: Adani Water Limited**

(Referred to in Paragraph 1 of our Report of even date)

The Annexure referred to in our Independent Auditor's Report to the members of the Company on the Standalone Financial Statements for the year ended 31<sup>st</sup> March, 2021, we report that:

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property Plant and Equipment.
- (b) The Company has a regular programme of physical verification of its property plant and equipment by which all Property plant and equipments are verified by the management in a phased periodic manner. In accordance with this programme, Property plant and equipments were verified during the year and no material discrepancies were noticed on such verification. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets.
- (c) According to the information and explanations given to us and representations made by the Management, the Company does not have any immovable property. Accordingly the provisions of paragraph 3 (i) (c) of the Order are not applicable.
- (ii) As explained to us, the inventories were physically verified during the year by the Management at reasonable intervals and no material discrepancies were noticed on physical verification.
- (iii) According to the information and explanation given to us and the records produced to us for our verification, the company has not granted loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Accordingly the provisions of paragraph 3 (iii) (a) to (c) of the Order are not applicable.
- (iv) According to the information and explanations given to us and representations made by the Management, the Company has not done any transactions covered under section 185 and 186 in respect of loans, investments, guarantees and security. Accordingly the provisions of paragraph 3 (iv) of the Order are not applicable.
- (v) In our opinion, and according to the information and explanations given to us, the Company has not accepted any deposits from the public and hence the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the Companies (Acceptance of Deposit) Rules, 2015 with regard to the deposits accepted from the public are not applicable.
- (vi) According to the information and explanations given to us, in our opinion, the maintenance of cost records under section 148(1) of the Act as prescribed by the Central Government are not applicable to the Company.

**Annexure - A to the Independent Auditor's Report (Continue)**

**RE: Adani Water Limited**

(Referred to in Paragraph 1 of our Report of even date)

- (vii) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/ accrued in the books of account in respect of undisputed statutory dues including Income Tax, Goods and Service Tax, Cess, Provident Fund and other material statutory dues have generally been deposited regularly during the year by the Company with the appropriate authorities. As explained to us, the Company did not have any dues on account of employees' state insurance, Duty of Customs and Duty of Excise.

According to the information and explanations given to us, no undisputed amounts payable in respect of statutory dues as referred above were in arrears as at 31<sup>st</sup> March, 2021 for a period of more than six months from the date they became payable.

- (b) According to the records of the Company and representations made by the Management, there are no statutory dues as mentioned in paragraph 3(vii)(a) which have not been deposited on account of any dispute.
- (viii) The Company has not taken any loan either from banks, financial institutions or from the government and has not issued any debentures. Accordingly the provisions of paragraph 3 (viii) of the Order are not applicable.
- (ix) Based upon the audit procedures performed and the information and explanations given by the management, the company has not raised moneys by way of initial public offer or further public offer including debt instruments and term Loans. Accordingly, the provisions of clause 3 (ix) of the Order are not applicable.
- (x) During the course of our examination of the books and records of the company, carried out in accordance with the generally accepted auditing practice in India, and according to the information and explanation given to us, we have neither come across any instance of material fraud by the company or on the company by its officers or employees, noticed or reported during the year.
- (xi) According to the information and explanations given to us and on the basis of our examination of the records of the Company, managerial remuneration has not been paid/ provided. Accordingly the provisions of Clauses 3(xi) of the Order are not applicable.
- (xii) In our opinion, the Company is not a nidhi Company. Accordingly the provisions of Clauses 3 (xii) of the Order are not applicable.
- (xiii) As per information and explanation given to us and on the basis of our examination of the records of the Company, all the transaction with related parties are in compliance with section 177 and 188 of Companies Act 2013 and all the details have been disclosed in Standalone Financial Statements as required by the applicable Indian Accounting Standards.
- (xiv) According to the information and explanations given to us and on the basis of our examination of the records, the Company has not made any preferential allotment or private placement or not issued any debenture during the year under review. Accordingly the provisions of paragraph 3(xiv) of the Order are not applicable.

**Annexure – B to the Independent Auditor's Report**

**RE: Adani Water Limited**

---

(Referred to in Paragraph 2(f) of our Report of even date)

**Report on the Internal Financial Controls under Clause (i) of sub-section 3 of section 143 of the Companies Act 2013 (the act).**

**Opinion**

We have audited the internal financial controls over financial reporting of the company as of 31<sup>st</sup> March, 2021 in conjunction with our audit of the Standalone Financial Statements of the company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31<sup>st</sup> March 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**Management's Responsibilities for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the Guidance Note) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

**Annexure – B to the Independent Auditor's Report(continue)**

**RE: Adani Water Limited**

(Referred to in Paragraph 2(f) of our Report of even date)

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

**Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**1 Corporate information**

Adani Water Limited (the Company) is domiciled in India and incorporated on 21st December, 2018 under the provisions of the Companies Act, 2013 having its registered office at Adani Corporate House, Shantigram, Near Vaishno Devi Circle, S. G. Highway, Khodiyar, Ahmedabad, Gujarat - 382421. The company is incorporated to carry on the business of Sewage Treatment Plant, Water Treatment Plant, Common Effluent Treatment Plant, Tertiary Treatment Plant, sea water desalination, 24\*7 Water Distribution, Utilities Network and Associated Infrastructure, marine work, water treatment, waste water treatment and recycling facilities, including the business of diving, salvage, under water work, offshore, mineral exploitation and survey for water business and to undertake projects of every description in any development or construction mode and to undertake the operation and maintenance of any plant in any mode. The Company is a Subsidiary of Adani Enterprise Limited.

**2.1 Statement of Compliance**

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

**Basis of preparation**

These financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between the market participants at the measurement date.

The Financial Statements are presented in INR.

**Current & Non-Current Classification**

Any asset or liability is classified as current if it satisfies any of the following conditions:

- i. The asset/liability is expected to be realised / settled in the Company's normal operating cycle;
- ii. The asset is intended for sale or consumption;
- iii. The asset/liability is held primarily for the purpose of trading;
- iv. The asset/liability is expected to be realised/settled within twelve months after the reporting period;
- v. The asset is Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period;
- vi. In case of liability, the Company does not have unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other assets and liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

For the purpose of current/non-current classification of assets and liabilities, the Company has ascertained its normal operating cycle as twelve months. This is based on the nature of services and time between acquisition of assets or inventories for processing and their realisation in cash and cash equivalents.

**2.2 Summary of significant accounting policies****a Inventories**

Inventories comprises of Consumables, Stores and Spares are valued at lower of Cost or Net Realisable Value (NRV).

Cost is determined on Weighted Average basis and comprises of costs of purchases, cost of conversion, all non-refundable duties & taxes and other costs incurred in bringing the inventories to their present location and condition.

Net Realisable Value is the estimated selling price in the ordinary course of business, less estimated cost of completion and estimated cost necessary to make the sale. Necessary adjustment for shortage / excess stock is given based on the available evidence and past experience of the Company.

**b Cash And Cash Equivalents**

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash equivalents includes short-term deposits with an original maturity of three months or less from the date of acquisition, highly liquid investments that are readily convertible into known amounts of cash.

**c Revenue recognition****Revenue from Operations**

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

The accounting policies for the specific revenue streams of the Company as summarized below:

- i) Revenue from services is recognised in terms of the agreement entered with Customer and is measured at the value of the consideration received or receivable, net of discounts if any

**Other income**

Interest income is recognised on effective interest rate taking into account the amount outstanding and the rate applicable.

**Contract Balances****Contract Asset**

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional and is disclosed as "Unbilled Revenue" under Other Current Financial Assets.

**Trade receivables**

A receivable represents the Company's right to an amount of consideration that is unconditional i.e. only the passage of time is required before payment of consideration is due.

**Contract Liability**

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. Contract liabilities are recognised as revenue when the Company performs obligations under the contract. The same is disclosed as "Advance from Customers" under Other Current Liabilities.

**d Property, Plant & Equipments****Recognition and measurement**

Property, Plant and Equipments are stated at cost of acquisition or construction less accumulated depreciation and impairment losses and net of taxes (Cenvat and VAT credit wherever applicable). All direct cost attributable to respective assets are capitalized to the assets. Other indirect expenses are capitalized to assets in proportion of the value of the assets. Borrowing cost relating to acquisition / construction of Property, Plant and Equipment which take substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

Spare parts or stores meeting the definition of Property, Plant and Equipment, either procured along with equipment or subsequently, are capitalized in the asset's carrying amount or recognized as separate asset, if appropriate.

**Subsequent measurement**

Subsequent expenditure related to an item of Property, Plant and Equipment is added to its book value only if it increases the future economic benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing Property, Plant and Equipments, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the profit and loss for the period during which such expenses are incurred.

Expenditure incurred during the period of construction including, all direct and indirect overheads, incidental and related to construction is carried forward and on completion, the costs are allocated to the respective assets.

**Depreciation**

Depreciation is recognised based on the cost of assets less their residual values over their useful lives, using the straight-line method. The useful life of property, plant and equipment is considered based on life prescribed in schedule II to the Companies Act, 2013. Depreciation on assets acquired/ disposed off during the year is provided on pro rata considering the date of addition / date of disposal.

**Derecognition**

An item of Property, Plant and Equipment is derecognised upon disposal or when no future economic benefits are expected to arise from continued use of the asset. Any gain or loss arising on the disposal or retirement of Property, Plant and Equipment is determined as the difference between the sales proceeds and the carrying amount of the assets and is recognised in profit or loss.

**e Financial Instruments**

Financial assets and financial liabilities are recognised when an entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

**Financial assets****Initial recognition and measurement**

All financial assets, except investment in subsidiaries and associates are recognised initially at fair value.

**Subsequent measurement**

For purposes of subsequent measurement, financial assets are classified:

**i) At amortised cost**

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and which are not classified as financial assets at fair value through profit or loss or financial assets available-for-sale. Subsequently, these are measured at amortized cost using the effective interest method less any impairment losses. These include trade receivables, finance receivables, balances with banks, short-term deposits with banks, other financial assets and investments with fixed or determinable payments.

**ii) At fair value through profit or loss (FVTPL)**

Financial assets which are not measured at amortised cost are measured at FVTPL.

Fair value changes related to such financial assets including derivative contracts like forward currency contracts, cross currency swaps, options, interest rate futures and interest rate swaps to hedge its foreign currency risks and interest rate risks, are recognised in the statement of profit and loss.

**iii) At fair value through other Comprehensive Income (FVOCI)**

A financial asset is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

At present, the Company does not have any assets that are classified as Fair value through other comprehensive income (FVOCI).

**Derecognition**

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

**Financial liabilities and equity instruments****Classification as debt or equity**

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

**Equity instruments**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

**Financial liabilities**

All financial liabilities are measured at amortised cost using the effective interest method or at FVTPL.

**Financial liabilities at amortised cost**

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Trade and other payables are recognised at the transaction cost, which is its fair value, and subsequently measured at amortised cost.

**Financial liabilities at FVTPL**

A financial liability may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
- the financial liability whose performance is evaluated on a fair value basis, in accordance with the Company's documented risk management;

Fair value changes related to such financial liabilities including derivative contracts like forward currency contracts, cross currency swaps, options, interest rate futures and interest rate swaps to hedge its foreign currency risks and interest rate risks, are recognised in the statement of profit and loss.

**Foreign exchange gains and losses**

For financial liabilities that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortised cost of the instruments and are recognised in Profit and Loss account.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are measured as at FVTPL, the foreign exchange component forms part of the fair value gains or losses and is recognised in profit or loss.

**Derecognition of financial liabilities**

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

**f Fair value measurement**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the financial asset or settle the financial liability takes place either:

- In the principal market, or
- In the absence of a principal market, in the most advantageous market

The principal or the most advantageous market must be accessible by the Company.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

At each reporting date, the Management analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Company's - accounting policies.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

**g Foreign Currency Transactions****Functional and Presentation currency**

The financial statements are presented in Indian Rupee (INR), which is entity's functional and presentation currency.

**Transactions and Balances**

Foreign currency transactions are translated into the functional currency, for initial recognition, using the exchange rates at the dates of the transactions.

All foreign currency denominated monetary assets and liabilities are translated at the exchange rates on the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss with the exception of those related to acquisition of a PPE which are capitalised and depreciated over the remaining useful life of the related asset. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

Exchange differences are recognized in the statement of profit and loss except exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings.

**h Employee benefits**

Employee benefits include gratuity, compensated absences, contribution to provident fund, employees' state insurance and superannuation fund.

**a) Short term employee benefits:**

A liability is recognised for benefits accruing to employees in respect of salaries and wages at the undiscounted amount of the benefits expected to be paid wholly within twelve months of rendering the service.

**b) Post Employment Benefits****Defined benefit plans:**

The Company operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund. The cost of providing benefits under the defined benefit plan is determined based on actuarial valuation, carried out by an independent actuary, using the projected unit credit method.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling (excluding net interest) and the return on plan assets (excluding net interest), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods. Net interest is calculated by applying the discount rate to the net balance of defined benefit liability or asset.

The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss in the line item "Employee Benefits Expense":

- > Service cost including current service cost, past service cost, gains and losses on curtailments and non-routine settlements; and
- > Net interest expense or income

For the purpose of presentation of defined benefit plans, the allocation between short term and long term provisions has been made as determined by an actuary.

**Defined contribution plan:**

Retirement benefits in the form of provident fund and superannuation fund are defined contribution schemes. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognises contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid.

**Compensated absences**

Other long term employee benefits comprise of compensated absences/leaves. The Company allocates accumulated leaves between short term and long term liability based on actuarial valuation as at the end of the period. The actuarial valuation is done as per projected unit credit method.

**i Borrowing costs**

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. The Company considers a period of twelve months or more as a substantial period of time.

Transaction costs in respect of Non current borrowings are amortised over the tenor of respective loans using effective interest method. All other borrowing costs are expensed in the period in which they are incurred.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

**j Earning per Share**

The Company reports basic and diluted earnings per share (EPS) in accordance with the IND AS 33 - "Earning per Share" as specified in the Companies (Indian Accounting Standards) Rules, 2015. Basic Earnings per share is computed by dividing the profit for the year attributable to equity holders of the Company by the weighted average number of equity shares outstanding during the year. Diluted Earnings per share is computed by dividing the profit attributable to equity holders of the Company (after adjusting for costs associated with dilutive potential equity shares) by the weighted average number of equity shares and dilutive potential equity shares outstanding during the year.

**k Taxes**

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred taxes are recognised in Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

**a) Current tax**

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date where the Company operates and generates taxable income.

Current tax items, relating to items recognised outside the statement of profit and loss, are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate. Provision for current tax is recognised based on the estimated tax liability computed after taking credit for allowances and exemption in accordance with the Income Tax Act, 1961.

Current tax assets and liabilities are offset where the Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

**b) Deferred tax**

Deferred income tax is recognised using the Balance Sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised. The carrying amount of unrecognised deferred tax assets are reviewed at each reporting date to assess their realisability and corresponding adjustment is made to carrying values of deferred tax assets in the financial statements.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax assets and liabilities are offset where a legally enforceable right exists to offset current tax assets and liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Net outstanding balance in Deferred Tax account is recognized as deferred tax liability/asset. The deferred tax account is used solely for reversing timing difference as and when crystallized.

Deferred tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit and loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

**I Impairment****i) Non Financial Assets**

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

**ii) Financial Assets**

A financial asset is assessed at each reporting date to determine whether there is an objective evidence which indicates that it is impaired. A financial asset is considered to be impaired if an objective evidence indicates that one or more events have a negative effect on the estimated future cash flows of that asset.

The Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure;

Financial assets that are debt instruments, and are measured at Amortised cost e.g. loans, debt securities, deposits, trade receivables and bank balances

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk. If credit risk has not increased significantly, 12 month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used.

ECL is the difference between all contracted cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at the original EIR. ECL impairment loss allowance (or reversal) recognised during the period is recognised as expense / (income) in the statement of profit and loss.

**m Provisions, Contingent Liabilities and Contingent Assets**

Provisions are recognised for when the Company has at present, legal or contractual obligation as a result of past events, only if it is probable that an outflow of resources embodying economic outgo or loss will be required and if the amount involved can be measured reliably. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities may arise from litigation, taxation and other claims against the Company. Where it is management's assessment that the outcome is uncertain or cannot be reliably quantified, the claims are disclosed as contingent liabilities unless the likelihood of an adverse outcome is remote such contingent liabilities are disclosed in the notes but are not provided for in the financial statements. Although there can be no assurance regarding the final outcome of the legal proceedings, the Company does not expect them to have a materially adverse impact on the Company's financial position.

Contingent assets are not recognised in the financial statements. the nature of such assets and an estimate of its financial effect are disclosed in notes to the financial statements.

**2.3 Recent Pronouncements**

On March 24, 2021, the Ministry of Corporate Affairs ("MCA") through a notification, amended Schedule III of the Companies Act, 2013. The amendments revise Division I, II and III of Schedule III and are applicable from April 1, 2021. Key amendments relating to Division II which relate to companies whose financial statements are required to comply with Companies (Indian Accounting Standards) Rules 2015 are:

**Balance Sheet:**

- i) Lease liabilities should be separately disclosed under the head 'financial liabilities', duly distinguished as current or non-current
- ii) Certain additional disclosures in the statement of changes in equity such as changes in equity share capital due to prior period errors and restated balances at the beginning of the current reporting period.
- iii) Specified format for disclosure of shareholding of promoters.
- iv) Specified format for ageing schedule of trade receivables, trade payables, capital work-in-progress and intangible asset under development.
- v) If a company has not used funds for the specific purpose for which it was borrowed from banks and financial institutions, then disclosure of details of where it has been used.

vi) Specific disclosure under 'additional regulatory requirement' such as compliance with approved schemes of arrangements, compliance with number of layers of companies, title deeds of immovable property not held in name of company, loans and advances to promoters, directors, key managerial personnel (KMP) and related parties, details of benami property held etc.

#### Statement of profit and loss:

i) Additional disclosures relating to Corporate Social Responsibility (CSR), undisclosed income and crypto or virtual currency specified under the head 'additional information' in the notes forming part of the standalone financial statements.

The amendments are extensive and the Company will evaluate the same to give effect to them as required by law.

### 3 Significant accounting judgements, estimates and assumptions

The preparation of financial statements in conformity with Ind AS requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and differences between the actual results and the estimates are recognised in the periods in which the results are known / materialised. Estimates and underlying assumptions are reviewed on an ongoing basis.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. Existing circumstances and assumptions about future developments may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

#### i) Fair value measurement of financial instruments

In estimating the fair value of financial assets and financial liabilities, the Company uses market observable data to the extent available. Where such Level 1 inputs are not available, the Company establishes appropriate valuation techniques and inputs to the model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

#### ii) Defined benefit plans (gratuity benefits)

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

#### iii) Taxes

The Company's tax jurisdiction is India. Significant judgements are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions. Significant management judgement is also required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies, including estimates of temporary differences reversing on account of available benefits from the Income Tax Act, 1961.

#### iv) Recognition and measurement of Contingent liabilities, provisions and uncertain tax positions:

There are various legal, direct and indirect tax matters and other obligations including local and state levies, availing input tax credits etc., which may impact the Company. Evaluation of uncertain liabilities and contingent liabilities arising out of above matters and recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the balance sheet date. The actual outflow of resources at a future date may therefore vary from the figure included in other provisions.

<b>Total Tax Expense for the year</b>		<b>511,648</b>	<b>316,983</b>

**30 Financial Instruments, Fair Value Measurements, Financial Risk and Capital Management****A) Financial Assets and Liabilities**

The Company's principal financial assets include loans and trade receivables, investments, cash and cash equivalents and other receivables. The Company's principal financial liabilities other than derivatives comprise of borrowings, provisions, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and projects.

**B) Fair Value Hierarchy**

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

Level-1 : Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level-2 : Inputs are other than quoted prices included within Level-1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level-3 : Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on the assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

**C) Disclosure of fair value measurement and fair value hierarchy for financial assets and liabilities**

The following tables summarises carrying amounts of financial instruments by their categories and their levels in fair value hierarchy for each year end presented.

**As at 31 March, 2021 :**

Particulars	Fair Value through other Comprehensive income	Fair Value through profit or loss (Level 1)	Amortised cost	Total
<b>Financial Assets</b>				
Loans	-	-	225,572,551	225,572,551
Cash and Cash Equivalents	-	-	471,210	471,210
Other Financial Assets	-	-	120,326,878	120,326,878
<b>Total</b>	<b>-</b>	<b>-</b>	<b>346,370,639</b>	<b>346,370,639</b>
<b>Financial Liabilities</b>				
Borrowings	-	-	8,170,832	8,170,832
Trade Payables	-	-	296,991,836	296,991,836
<b>Total</b>	<b>-</b>	<b>-</b>	<b>305,162,668</b>	<b>305,162,668</b>

**As at 31 March, 2020 :**

Particulars	Fair Value through other Comprehensive income	Fair Value through profit or loss (Level 1)	Amortised cost	Total
<b>Financial Assets</b>				
Investments	-	76,001,343	-	76,001,343
Trade Receivables	-	-	62,400,000	62,400,000
Cash and Cash Equivalents	-	-	2,988,865	2,988,865
Other Financial Assets	-	-	15,659,010	15,659,010
<b>Total</b>	<b>-</b>	<b>76,001,343</b>	<b>81,047,875</b>	<b>157,049,218</b>
<b>Financial Liabilities</b>				
Borrowings	-	-	15,241,700	15,241,700
Trade Payables	-	-	133,969,371	133,969,371
<b>Total</b>	<b>-</b>	<b>-</b>	<b>149,211,071</b>	<b>149,211,071</b>

Carrying amounts of current financial assets and liabilities as at the end of the each year presented approximate the fair value because of their short term nature. Difference between carrying amounts and fair values of other non-current financial assets and liabilities subsequently measured at amortised cost is not significant in each of the year presented.

## D) Financial Instruments and Financial Risk Review

The Company's risk management activities are subject to the management direction and control under the framework of Risk Management Policy as approved by the Board of Directors of the Company. The Management ensures appropriate risk governance framework for the Company through appropriate policies and procedures and that risks are identified, measured and managed in accordance with the Company's policies and risk objectives.

In the ordinary course of business, the Company is exposed to Market risk, Credit risk, and Liquidity risk.

**Market Risk :**

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of interest rate risk.

**Interest Risk :**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company does not have any interest exposure to which the risk of changes in market interest rates apply.

**Credit Risk :**

Credit risk refers to the risk that a counterparty or customer will default on its contractual obligations resulting in a loss to the Company. Financial instruments that are subject to credit risk principally consist of Loans, Trade and Other Receivables, Cash & Cash Equivalents, Investments and Other Financial Assets. The carrying amounts of financial assets represent the maximum credit risk exposure.

Credit risk encompasses both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of counter parties on continuous basis with appropriate approval mechanism for sanction of credit limits.

The company has adopted the policy of only dealing with creditworthy counter parties as a means of mitigating the risk of financial losses from default. Credit risk from balances with banks, financial institutions and investments is managed by the Company's treasury team in accordance with the Company's risk management policy. Cash and cash equivalents and Bank deposits are placed with banks having good reputation, good past track record and high quality credit rating.

**Liquidity Risk :**

The Company monitors its risk of shortage of funds using cash flow forecasting models. These models consider the maturity of its financial investments, committed funding and projected cash flows from operations. The Company's objective is to provide financial resources to meet its business objectives in a timely, cost effective and reliable manner and to manage its capital structure. A balance between continuity of funding and flexibility is maintained through continued support from parent company.

**Maturity profile of financial liabilities:**

The table below provides details regarding contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments :

As at 31st March, 2021	Less than 1 year	1 to 5 year	More than 5 Years	Total
Borrowings	8,170,832	-	-	8,170,832
Trade Payables	296,991,836	-	-	296,991,836
As at 31st March, 2020	Less than 1 year	1 to 5 year	More than 5 Years	Total
Borrowings	15,241,700	-	-	15,241,700
Trade Payables	133,969,371	-	-	133,969,371

**Capital Management**

The Company's objectives for managing capital is to safeguard continuity and healthy capital ratios in order to support its business and provide adequate return to shareholders through continuing growth. The Company's overall strategy remains unchanged from previous year.

The Company sets the amount of capital required on the basis of annual business and long-term operating plans which include capital and other strategic investments.

The funding requirements are met through support from parent company. The Company's policy is to use short-term and long-term borrowings to meet anticipated funding requirements. The Company monitors capital on the basis of the net debt to equity ratio.

Particulars	For the year ended 31st March, 2021	For the year ended 31st March, 2020
Total Borrowing (refer note 18)	8,170,832	15,241,700
Less: Cash and Bank Balance (refer note 11)	471,210	2,988,865
Net Debt (A)	7,699,622	12,252,835
Total Capital (B)	2,462,704	1,050,471
Total capital and net debt C=(A+B)	10,633,536	16,292,171
Gearing Ratio (A/C)	72%	75%

- 31 The Company's activities during the year revolve around business of Sewage Treatment. Considering the nature of Company's business, as well as based on reviews by the chief operating decision maker to make decisions about resource allocation and performance measurement, there is only one primary reportable segment in accordance with the requirements of Ind AS - 108 - "Operating Segments", prescribed under Companies (Indian Accounting Standards) Rules, 2015 which is business of Sewage Treatment at this point of time and advisory in that regard. The segment reporting based on geographical risk factor which may be present in different countries is not applicable as the Company operates only on domestic market. Hence, there is no separate reportable segment as required by the Ind AS - 108 - "Operating Segments".

## Notes to financial statements for the year ended 31st March, 2021

**32 Contingent Liabilities, Contingent Assets & Commitments**  
(to the extent not provided for)**Contingent Liabilities****Commitments**

Estimated amount of contracts remaining to be executed on capital accounts (net of advances) and not provided for

	As at 31st March, 2021 (Amount in ₹)	As at 31st March, 2020 (Amount in ₹)
	-	-
<b>Total</b>	-	-

**Contingent Assets**

The Company has various claims against its employer Prayagraj Water Pvt Ltd arising out of the EPC Agreement dated 30th January 2019 & due to COVID - 19, which the Company is pursuing with its employer and will be settled in the due course.

**33 Pursuant to the Indian Accounting Standard 33 – Earning per Share, the disclosure is as under:**

	UOM	For the year ended 31st March, 2021	For the year ended 31st March, 2020
<b>Basic and Diluted EPS</b>			
Profit attributable to equity shareholders	₹	987,238	1,161,854
Weighted average number of equity shares outstanding during the year	No.	10,000	10,000
Nominal Value of equity share	₹	10.00	10.00
Basic and Diluted EPS	₹	98.72	116.19

**34 (a) Contract balances:**

The following table provides information about receivables, contract assets and contract liabilities from the contracts with customers.

Particulars	As at 31st March, 2021	As at 31st March, 2020
Trade Receivables (refer note 10)	-	62,400,000
Contract assets	60,500,000	-
Contract liabilities	80,071,492	-

The Trade receivables primarily relate to the Company's right to consideration for work completed at the reporting date.

The contract assets primarily relate to the Company's right to consideration for work completed but not billed at the reporting date. The contract assets are transferred to receivables when the rights become unconditional. This usually occurs when the Company issues an invoice to the Customer.

The contract liabilities primarily relate to the advance consideration received from the customers.

(b) Significant changes in contract assets and liabilities during the year:

Particulars	As at 31st March, 2021	As at 31st March, 2020
Contract assets reclassified to receivables	-	-
Contract liabilities recognised as revenue during the year	-	-

(c) Reconciliation the amount of revenue recognised in the statement of profit and loss with the contracted price:

Particulars	For the year ended 31st March, 2021	For the year ended 31st March, 2020
Revenue as per contracted price	953,691,359	395,792,179
Adjustments if any	-	-
<b>Revenue from contract with customers</b>	<b>953,691,359</b>	<b>395,792,179</b>

**35 Due to micro, small and medium enterprises**

Under the Micro Small and Medium Enterprises Development Act, 2006, (MSMED) which came in to force from 2nd October, 2006, certain disclosures are required to be made relating to Micro, Small and Medium enterprises. On the basis of the information and records available with management, outstanding dues to the Micro and Small enterprise as defined in the MSMED Act, 2006 are disclosed as below.

Particulars	As at 31st March, 2021	As at 31st March, 2020
Principal amount remaining unpaid to any supplier as at the year end.	15,619,522	2,245,137
Interest due thereon	-	-
Amount of interest paid by the company in terms of section 16 of the MSMED, along with the amount of the payment made to the supplier beyond the appointed day during the accounting year.	-	-
Amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the period) but without adding the interest specified under the MSMED.	-	-
Amount of interest accrued and remaining unpaid at the end of the accounting year.	-	-
Amount of further interest remaining due and payable even in succeeding years.	-	-

The Disclosure in respect of the amounts payable to Micro and Small Enterprises have been made in the financial statements based on the information received and available with the Company. Further in view of the Management, the impact of interest, if any, that may be payable in accordance with the provisions of the Act is not expected to be material. The Company has not received any claim for interest from any supplier as at the balance sheet date. These facts have been relied upon by the auditors.

36 As per Ind AS - 19 "Employee Benefits", the disclosure are given below :

**(a) Defined Benefit Plan**

The Company operates a defined benefit plan (the Gratuity plan) covering eligible employees, which provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment.

Liability in respect of Gratuity is determined based on actuarial valuation done by actuary as at the balance sheet date. Each year, the management reviews the level of funding in the gratuity fund. Such review includes the asset - liability matching strategy. The management decides its contribution based on the results of this review. The management aims to keep annual contributions relatively stable at a level such that no plan deficits (based on valuation performed) will arise.

Aforesaid post-employment benefit plans typically expose the Company to actuarial risks such as: interest rate risk, Demographic Risk and Salary Escalation Risk.

Interest Rate Risk	The present value of the defined benefit liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on Government securities. A decrease in yields will increase the fund liabilities and vice-versa.
Demographic Risk	The company has used certain mortality and attrition assumptions in valuation of the liability. The Company is exposed to the risk of actual experience turning out to be worse compared to the assumption.
Salary Escalation Risk	The present value of the defined benefit liability is calculated by reference to the future salaries of plan participants. As such, an increase in salary of the plan participants will increase the plan's liability.

Particulars	As at 31st March, 2021	As at 31st March, 2020
<b>I. Reconciliation of Opening and Closing Balances of Defined Benefit Obligation</b>		
Present Value of Defined Benefit Obligations at the beginning of the Year	1,812,618	-

<b>IV. Composition of Plan Assets</b>		
Plan Assets are administered by LIC	-	-
<b>V. Gratuity Cost / (Gain) for the Year</b>		
Current service cost	648,520	553,504
Net Interest cost	121,913	60,745
Expected return on plan assets	-	-
Actuarial (Gain) or Loss	-	-
Net Gratuity Cost / (Gain) recognised in the Statement of Profit & Loss	770,433	614,249
<b>VI. Other Comprehensive Income</b>		
Actuarial (gains) / losses	-	-
change in demographic assumptions	(646,740)	-
change in financial assumptions	224,098	-
experience variance (i.e. Actual experience vs assumptions)	(145,290)	293,633
others	-	-
Components of defined benefit costs recognised in other comprehensive income	(567,932)	293,633

VII. Actuarial Assumptions	As at 31st March, 2021	As at 31st March, 2020
Discount Rate (per annum)	6.70%	6.70%
Expected annual Increase in Salary Cost	8.00%	8.00%
Attrition Rate	11.11%	0.00%

Mortality Rates are given under Indian Assured Lives Mortality (2012-14) Ultimate Retirement Age 58 Years.

#### VIII. Sensitivity Analysis

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The results of sensitivity analysis is given below:

Particulars	As at 31st March, 2021	As at 31st March, 2020
Defined Benefit Obligation (Base)	1,871,987	1,812,618

Particulars	As at 31st March, 2021		As at 31st March, 2020	
	Decrease	Increase	Decrease	Increase
Discount Rate (- / + 1%)	2,040,987	1,724,506	2,237,246	1,475,897
(% change compared to base due to sensitivity)	9.0%	-7.9%	23.4%	-18.6%
Salary Growth Rate (- / + 1%)	1,725,533	2,036,365	1,476,738	2,227,219
(% change compared to base due to sensitivity)	-7.8%	8.8%	-18.5%	22.9%
Attrition Rate (- / + 50%)	2,107,379	1,716,206	1,812,618	1,812,618
(% change compared to base due to sensitivity)	12.6%	-8.3%	0.0%	0.0%
Mortality Rate (- / + 10%)	1,872,288	1,871,687	1,813,770	1,811,472
(% change compared to base due to sensitivity)	0.0%	0.0%	0.1%	-0.1%

#### IX. Asset Liability Matching Strategies

The scheme is managed on unfunded basis.

##### a) Funding arrangements and Funding Policy

The scheme is managed on unfunded basis.

##### b) Expected Contribution during the next annual reporting period

The Company's best estimate of Contribution during the next year is NIL.

##### c) Maturity Profile of Defined Benefit Obligation

Weighted average duration (based on discounted cashflows) - 9 years

Expected cash flows over the next (valued on undiscounted basis):

	(Amount in ₹)
1 year	137,605
2 to 5 years	731,118
6 to 10 years	930,050
More than 10 years	1,895,187

XI. The discount rate is based on the prevailing market yields of Government of India securities as at the balance sheet date for the estimated term of the obligations.

The expected contributions for Defined Benefit Plan for the next financial year will be in line with FY 2020-21.

The actuarial liability for compensated absences as at the year ended 31st March, 2021 is ₹ 20,29,382.

#### (b) Defined Contribution Plan

**38 Other Disclosures**

In the opinion of the management and to the best of their knowledge and belief, the value under the head of Current and Non-Current Assets (other than Property Plant and Equipment and Non-Current Investments) are approximately of the value stated, if realised in ordinary course of business, except unless stated otherwise. The provision for all the known liabilities is adequate and not in excess of amount considered reasonably necessary.

**39 Events occurring after the Balance sheet Date**

The Company evaluates events and transactions that occur subsequent to the balance sheet date but prior to approval of the financial statements to determine the necessity for recognition and/or reporting of any of these events and transactions in the financial statements. As of 30th April, 2021, there are no subsequent events to be recognized or reported that are not already disclosed.

**40 Due to outbreak of COVID 19 globally and in India, the Company's management has made initial assessment of likely adverse impact on business and financial risks on account of COVID 19, and believes that the impact is like to be short term in nature. The management does not see any medium to long term risks in the Company's ability to continue as a going concern and meeting its liabilities as and when they fall due, and compliance with the debt covenants, as applicable.**

41 Approval of financial statements

The financial statements were approved for issue by the board of directors on 30th April, 2021.
