

INDEPENDENT AUDITORS' REPORT

To the Members of Surguja Power Private Limited

Report on the Indian Accounting Standards (Ind AS) Financial Statements

We have audited the accompanying financial statements of Surguja Power Private Limited (the "Company"), which comprise the Balance Sheet as at March 31, 2017, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information, which we have signed under reference to this report.

Management's Responsibility for the Ind AS Financial Statements

The Company's Board of Directors is responsible for matters stated in Section 134(5) of the companies Act, 2013 (the "Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified in the Companies (Indian Accounting Standards) Rules, 2015 (as amended) under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act and the Rules made thereunder including the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act and other applicable authoritative pronouncement issued by the Institute of Chartered Accountants of India. Those Standards and pronouncement require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence, about the amounts and disclosures in the Ind AS financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal financial control relevant to the Company's preparation of the Ind AS financial statements that give true and fair view, in order to design

audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2017, and its loss (including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Other Matter

The financial information of the Company for the year ended March 31, 2016 and the transition date opening balance sheet as at April 1, 2015 included in these Ind AS financial statements, are based on the previously issued statutory financial statements for the years ended March 31, 2016 and March 31, 2015 prepared in accordance with the Companies (Accounting Standards) Rules, 2006 (as amended) which were audited by us, on which we expressed an unmodified opinion dated May 2, 2016 and May 12, 2015 respectively. The adjustments to those financial statements for the differences in accounting principles adopted by the Company on transition to the Ind AS have been audited by us.

Report on Other Legal and Regulatory Requirements

1. As required by 'the Companies (Auditor's Report) Order, 2016' ("the order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act 2013, and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure B a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, Statement of Profit and Loss (including other comprehensive income), and Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

- (e) On the basis of written representations received from the directors as on March 31, 2017, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2017, from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A"
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended March 31, 2017.
 - iv. As company does not have cash balance or have dealt in cash during the year, there are no disclosure required to be made in its financial statements as to holdings as well as dealings in specified bank notes during the period from 8th December, 2016 to 30th December, 2016 and the same is reflected in Note 7 to the Ind AS financial statements.

Annexure to Auditors' Report

Referred to in Annexure referred to in paragraph 1 under the heading "Report on other legal and regulatory requirements" of our report of even date to the members of Surguja Power Private Limited on the financial statements as of and for the year ended March 31, 2017

- i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets
- (b) The fixed assets of the Company have been physically verified by the Management during the year and no material discrepancies between the book records and the physical inventory have been noticed. In our opinion, the frequency of verification is reasonable
- (c) Company does not own any immovable properties and thus the provision of clause 3(i)(c) of the said order are not applicable.
- ii) As the business of the Company has not yet commenced, it does not have inventories and accordingly, the requirements under paragraph 3(ii) of the Order are not applicable to the Company
- iii) The Company has not granted any loans secured or unsecured to any parties covered in the register mentioned under Section 189 of the Act. Therefore, the provisions of Clause 3(iii) (a), (b) & (c) of the said Order are not applicable to the Company.
- iv) The company has complied with provisions of section 185 and 186 of the companies Act, 2013 in respect of loans, investments, guarantees and security.
- v) The Company has not accepted any deposits and thus reporting under clause 3(v) of the Order is not applicable to the Company.
- vi) According to the information and explanations given to us, as the company has not yet commenced the business operation, maintenance of cost records under clause 148(1) of the Companies Act, 2013 is not applicable to the company.
- vii. (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is regular in depositing undisputed statutory dues including income tax, service tax, cess and other statutory dues, as applicable, with the appropriate authorities and there are no amount of statutory dues that were outstanding, at the period end, for a period of more than six months from the date they became payable. The company is not liable to pay Provident Fund, employees' State Insurance, sales tax and custom duty.
- (b) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, there are no amount outstanding with respect to income tax or sales tax or service tax or duty of excise or value added tax on account of any dispute.
- viii. As the Company does not have any borrowings from any financial institution or bank nor has it issued any debentures as at the balance sheet date, the provisions of Clause 3(viii) of the Order are not applicable to the Company.
- ix. The Company has not raised money by way of initial public offer or further public offer (including debt instruments) and term loans. Accordingly, the provisions of Clause 3(ix) of the Order are not applicable to the Company.
- x. During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any fraud by the company or any fraud on the company by its officers or employees has been noticed or reported during the year nor have we been informed of any such case by the Management.
- xi. The Company has not paid or provided any managerial remuneration. Accordingly the provision of Clause 3(xii) of Order are not applicable to company

Annexure to Auditors' Report

Referred to in Annexure referred to in paragraph 1 under the heading "Report on other legal and regulatory requirements" of our report of even date to the members of Surguja Power Private Limited on the financial statements as of and for the year ended March 31, 2017

Page 2 of 2

xii. The company is not a Nidhi Company. Accordingly, the provisions of Clause 3(xii) of the Order are not applicable to the Company.

xiii. All the transaction with related parties are in compliance with section 177 and 188 of Companies Act, 2013 and the details have been disclosed in the Financial Statements as required by the applicable accounting standards;

xiv. The company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review.

xv. According to the information and explanations given to us and the records of the Company examined by us, the company has not entered into any non-cash transactions with directors or any person connected to him.

xvi. The company is not required to be registered under sections 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the provisions of Clause 3(xvi) of the Order are not applicable to the Company.

Annexure A to Auditors' Report

Referred to in Annexure referred to in paragraph 2 under the heading "Report on other legal and regulatory requirements" of our report of even date to the members of Surguja Power Private Limited on the financial statements as of and for the year ended March 31, 2017

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

We have audited the internal financial controls over financial reporting of Adani Bunkering Private Limited ("the Company") as of March 31, 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in

Annexure A to Auditors' Report

Referred to in Annexure referred to in paragraph 2 under the heading "Report on other legal and regulatory requirements" of our report of even date to the members of Surguja Power Private Limited on the financial statements as of and for the year ended March 31, 2017

accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1 Corporate Information

Surguja Power Private Limited (SPPL) is a private company domiciled in India and incorporated under the provisions of the Companies Act, 1956 having its registered office at Adani House, Near Mithakhali Six Roads, Navrangpura, Ahmedabad – 380 009, Gujarat, India. The company is in the process of setting up 600 MW (150 MW x 4 units) Thermal Power Plant based on CFBC Boiler using the Coal washery rejects at Dist. Surguja, Chhattisgarh.

2 Significant accounting policies**2.1.a Statement of compliance**

The Financial Statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provision of the Act. The Financial Statements up to year ended March 31, 2016 were prepared in accordance with Companies (Accounting Standard) Rule, 2006 (as amended) and other relevant provision of the Act. These Financial Statements are the first Financial Statements of the Company under Ind AS. Refer Note 4 for an explanation of how the transition from previously applicable Indian GAAP (hereinafter referred to as 'IGAAP') to Ind AS has affected the Company's financial position, financial performance and Cash Flows.

2.1.b Standards Issued but not yet Effective:

Ind - AS 115 "Revenue from Contract with Customers" :The MCA had notified Ind - AS 115 "Revenue from Contract with Customers" in February, 2015. The core principle of the new standard is that an entity should recognise revenue to depict the transfer of promised goods or services to the customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Further, the new standard requires enhanced disclosures about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers.

2.2 Basis of preparation and presentation

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

2.3 Summary of significant accounting policies**a Property, plant and equipment**

Property, plant and equipment are stated at acquisition cost net of tax / duty credit availed, less accumulated depreciation and accumulated impairment losses, if any. Properties in the course of construction are carried at cost, less any recognised impairment losses. All costs, including borrowing costs incurred up to the date the asset is ready for its intended use, is capitalised along with respective asset.

Depreciation is recognised based on the cost of assets less their residual values over their useful lives, using the straight-line method. The useful life of property, plant and equipment is considered based on life prescribed in schedule II to the Companies Act, 2013 except otherwise stated.

b Financial Instruments

Financial assets and financial liabilities are recognised when an entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

c Financial assets

Initial recognition and measurement

All financial assets, except investment in subsidiaries and associates are recognised initially at fair value.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified:

i) At amortised cost

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and which are not classified as financial assets at fair value through profit or loss or financial assets available-for-sale. Subsequently, these are measured at amortized cost using the effective interest method less any impairment losses. These include trade receivables, finance receivables, balances with banks, short-term deposits with banks, other financial assets and investments with fixed or determinable payments.

ii) At fair value through profit or loss (FVTPL)

Financial assets which are not measured at amortised cost are measured at FVTPL.

Fair value changes related to such financial assets including derivative contracts like forward currency contracts, cross currency swaps, options, interest rate futures and interest rate swaps to hedge its foreign currency risks and interest rate risks, are recognised in the statement of profit and loss.

Derecognition

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

Impairment of Financial assets

A financial asset is assessed at each reporting date to determine whether there is an objective evidence which indicates that it is impaired. A financial asset is considered to be impaired if an objective evidence indicates that one or more events have a negative effect on the estimated future cash flows of that asset.

The Company applies expected credit loss (ECL) model for measurement of impairment loss on the following financial assets and credit risk exposure;

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g. loans, debt securities, deposits, trade receivables and bank balances
- b) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk. If credit risk has not increased significantly, 12 month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used.

ECL is the difference between all contracted cash flows that are due to the Company in accordance with the contract and all the cashflows that the Company expects to receive, discounted at the original EIR. ECL impairment loss allowance (or reversal) recognised during the period is recognised as expense / (income) in the statement of profit and loss.

d Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Financial liabilities

All financial liabilities are measured at amortised cost using the effective interest method or at FVTPL.

Financial liabilities at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Trade and other payables are recognised at the transaction cost, which is its fair value, and subsequently measured at amortised cost.

Financial liabilities at FVTPL

A financial liability may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
 - the financial liability whose performance is evaluated on a fair value basis, in accordance with the Company's documented risk management;
- Fair value changes related to such financial liabilities including derivative contracts like forward currency contracts, cross currency swaps, options, interest rate futures and interest rate swaps to hedge its foreign currency risks and interest rate risks, are recognised in the statement of profit and loss.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

e Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company- has identified twelve months as its operating cycle.

f Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the financial asset or settle the financial liability takes place either:

- In the principal market, or
- In the absence of a principal market, in the most advantageous market

The principal or the most advantageous market must be accessible by the Company.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use.

The Company- uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

At each reporting date, the Management analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Company's - accounting policies.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

g Revenue recognition

Interest income is accounted for on an accrual basis. Dividend income is accounted for when the right to receive income is established.

h Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

i Taxation

Tax on Income comprises current and deferred tax. It is recognised in statement of profit and loss except to the extent that it relates to a business combination, or items recognised directly in equity or in other comprehensive income.

Current tax

Tax on income for the current period is determined on the basis on estimated taxable income and tax credits computed in accordance with the provisions of the relevant tax laws and based on the expected outcome of assessments / appeals. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is recognized for the future tax consequences of deductible temporary differences between the carrying values of assets and liabilities and their respective tax bases at the reporting date, using the tax rates and laws that are enacted or substantively enacted as on reporting date. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences can be utilised. Deferred tax relating to items recognized outside the statement of profit and loss is recognized outside the statement of profit and loss, either in other comprehensive income or directly in equity. The carrying amount of deferred tax assets is reviewed at each reporting date.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

j Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material). When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities are not recognised but are disclosed in the notes. Contingent assets are not recognised but are disclosed in the notes where an inflow of economic benefits is probable.

k Impairment**i) Impairment of tangible and intangible assets**

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

3 Significant accounting judgements, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Estimates and assumptions

The estimates as at 1st April, 2015 and as at 31st March, 2016 are consistent with those made for the same dates in accordance with Indian GAAP (after adjustments to reflect any differences in accounting policies).

There are no significant key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year. Existing circumstances and assumptions about future developments may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

4.1 First-time adoption of Ind-AS

The Company has adopted Ind AS from 1st April, 2016 and the date of transition to Ind AS is 1st April, 2015. These being the first financial statements in compliance with Ind AS, the impact of transition has been accounted for in opening reserves and comparable periods have been restated in accordance with Ind AS 101 –“First-time Adoption of Indian Accounting Standards”. The Company has presented a reconciliation of its equity under Previous GAAP to its equity under Ind AS as at 31st March, 2016 and of the total comprehensive income for the year ended 31st March, 2016 as required by Ind AS 101.

a Deemed cost of property, plant and equipment and intangible assets:

The Company has elected to continue with the carrying value of all its plant and equipment and intangible assets recognized as of 1st April, 2015 measured as per the previous GAAP and use that carrying value as its deemed cost on transition date.

b Derecognition of financial assets and financial liabilities

The Company has applied the derecognition requirements of financial assets and financial liabilities prospectively for transactions occurring on or after transition date.

c Classification and measurement of financial assets

The Company has assessed classification and measurement of financial assets on the basis of facts and circumstances that exist as on transition date.

d Impairment of financial assets

The Company has applied impairment requirements of Ind AS 109 retrospectively; however, as permitted by Ind AS 101, it has used reasonable and supportable information that is available without undue cost or effort to determine the credit risk at the date that financial instruments were initially recognised in order to compare it with the credit risk at the transition date.

4.2 Reconcilliations between previous GAAP and Ind AS

The following tables represent the reconciliations from previous GAAP to Ind AS as at 31st March, 2016 and 1st April, 2015.

(i) Effects of Ind AS adoption on the balance sheet as at 31st March, 2016 and 1st April, 2015

(Amount in ₹)

| Particulars | Notes | As on 31st March, 2016 (End of last period presented under previous GAAP) | | | As on 1st April, 2015 (Date of transltion) | | |
|--------------------------------------|-------|---|--------------------------------------|-------------------------|---|--------------------------------------|-------------------------|
| | | Previous GAAP | Effect of transltion to Ind AS | Ind AS balance sheet | Previous GAAP | Effect of transition to Ind AS | Ind AS balance sheet |
| ASSETS | | | | | | | |
| (1) Non-current Assets | | | | | | | |
| (a) Property, Plant and Equipment | | 6,68,731 | - | 6,68,731 | 7,19,179 | - | 7,19,179 |
| (b) Capital Work-In-Progress | | 4,85,48,259 | (1,102) | 4,85,47,157 | 2,85,18,443 | - | 2,85,18,443 |
| Total Non-current Assets | | 4,92,16,990 | (1,102) | 4,92,15,888 | 2,92,37,622 | - | 2,92,37,622 |
| (2) Current Assets | | | | | | | |
| (a) Financial Assets | | | | | | | |

| (b) Other Current Liabilities | | 1,69,848 | - | 1,69,848 | 1,11,983 | - | 1,11,983 |
| Total Current Liabilities | | 6,16,28,318 | - | 6,16,28,318 | 4,73,534 | - | 4,73,534 |
| Total Liabilities | | 6,16,28,318 | - | 6,16,28,318 | 3,93,74,929 | - | 3,93,74,929 |
| Total Equity and Liabilities | | 5,04,27,006 | - | 5,04,27,006 | 2,93,20,122 | - | 2,93,20,122 |

(ii) Reconciliation of changes in Equity as at 31st March 2016:

(Amount in ₹)

| Particulars | As at 31st March, 2016 | As at 1st April, 2015 |
|---|---------------------------|--------------------------|
| Equity Share Capital as per previous GAAP | 1,00,000 | 1,00,000 |
| Other Equity as per previous GAAP | (1,13,01,312) | (1,01,54,807) |
| Adjustments : | - | - |
| Total Adjustment to the Equity | (1,13,01,312) | (1,01,54,807) |
| Total Equity as reported under Ind AS | (1,12,01,312) | (1,00,54,807) |

(iii) Reconciliation of total comprehensive income for the year ended 31st March, 2016 :

(Amount in ₹)

| Particulars | For the year ended 31st March, 2016 |
|---|--|
| Profit as per previous GAAP | (11,46,505) |
| <u>Ind AS: Adjustments Increase / (decrease):</u> | - |
| Total adjustment to profit or loss | - |
| Profit / (loss) under Ind AS | (11,46,505) |
| Other comprehensive income | - |
| Total comprehensive Income under Ind AS | (11,46,505) |

Effects of Ind AS adoption on the financial statements of comparative periods:

As there is no reconciliation item between Statement of Profit and Loss and Cash Flows prepared under Indian GAAP and those prepared under Ind AS, reconciliation for the same is not presented.

5 Property, Plant and Equipment and Capital Work-In-Progress :
