An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and operating effectiveness of such controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2015, and its profit and its cash flows for the year ended on that date.

Our opinion is not modified in respect of these matters.

Report on other Legal and Regulatory Requirements

Further on the basis of our examination of books and records of the Company, and according to the information and explanations given to us, no major weakness have been noticed or reported.
- v. The Company has not accepted any deposits from the public covered under section 73 to 76 of the Companies Act, 2013.
- vi. According to information and explanations given to us, the Central Government has not prescribed maintenance of cost records under sub-section (1) of Section 148 of the Act.
- vii. (a) According to the information and explanation given to us and based on the records of the Company examined by us, the Company is generally regular in depositing with undisputed statutory dues, including Provident funds, Employer's state, Income tax, Sales-tax, Wealth tax, Service tax, Custom duty, Excise duty and other material statutory due, as applicable, with the appropriate authorities in India;

(b) According to the information and explanations given to us and based on the records of the Company examined by us, there are no dues of Income tax, Wealth tax, Service tax, Sales tax and other material statutory dues, as applicable, which have not been deposited on account of any disputed.

- (c) According to the information and explanations given to us and based on the records of the Company examined by us, there has not been an occasion in case of the Company during the year under report to transfer any sums to the Investor Education and Protection Fund. Accordingly the requirement of clauses vii(c) of paragraph 3 of the said order is not applicable to the Company.
- viii. The Company has been registered for a period of less than five years and hence we are not required to comment on whether or not the accumulated losses at the end of the financial year is fifty per cent or more of its net worth and whether it has incurred cash losses in the current financial year and in the immediately preceding financial year.
- ix. According to the information and explanations given to us and based on the records of the Company examined by us, we are of the opinion that the Company has not defaulted in repayment of dues to a financial institution, bank or debenture holders.
- x. According to the information and explanation given to us, the Company has not given any guarantee for loans taken by others from banks or financial institutions.
- xi. According to the information and explanations given to us, on an overall basis, the term loans have been applied for the purposes for which they were obtained.
- xii. During the course of our examination of the books and records of the Company, carried in accordance with the auditing standards generally accepted in India, we have neither come across any instance of fraud on or by the Company noticed or reported during the course of our audit nor have been informed of any such instance by the Management.

ADANI AGRI LOGISTICS (DEWAS) LIMITED

Notes to financial statements for the period ended 31 March 2015

1 Corporate information

ADANI AGRI LOGISTICS (DEWAS) LIMITED ('the Company') is a wholly owned subsidiary of Adani Enterprises Limited and incorporated under the provisions of the Companies Act, 2013 on 29 May 2014. The Company has entered into a service concession agreement with Madhya Pradesh Warehousing and Logistics Corporation, a public sector undertaking under the control of Government of Madhya Pradesh to design, build, finance, operate and transfer project facilities for warehousing of the food grains on Design, Build, Finance, Operate and Transfer (DBFOT) basis for a period of thirty years. Under the agreement, the Company is eligible to revenue recognition based on Annual Guaranteed Tonnage by Madhya Pradesh Warehousing and Logistics Corporation.

2 Basis of preparation

The financial statements of the Company have been prepared in accordance with the generally accepted accounting principles in India (Indian GAAP). The Company has prepared these financial statements to comply in all material respects with the accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules 2014. The financial statements have been prepared on an accrual basis under the historical cost convention.

3 Summary of significant accounting policies

(a) Use of estimates

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

(b) Tangible fixed assets

On the date of commissioning, Fixed assets cost shall comprises of purchase price, borrowing costs if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

(c) Borrowing Costs

Borrowing cost includes interest and amortization of ancillary costs incurred in connection with the arrangement of borrowings.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

ADANI AGRI LOGISTICS (DEWAS) LIMITED
Notes to financial statements for the period ended 31 March 2015

(d) Government grants and subsidies

Grants and subsidies from the government are recognized when there is reasonable assurance that (i) the company will comply with the conditions attached to them, and (ii) the grant/subsidy will be received.

When the grant or subsidy relates to revenue, it is recognized as income on a systematic basis in the statement of profit and loss over the periods necessary to match them with the related costs, which they are intended to compensate. Where the grant relates to an asset, it is recognized as deferred income and released to income in equal amounts over the expected useful life of the related asset.

(e) Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized:

Income from services

Revenues from maintenance contracts are recognized pro-rata over the period of the contract as and when services are rendered.

Interest

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "other income" in the statement of profit and loss.

ADANI AGRI LOGISTICS (DEWAS) LIMITED

Notes to financial statements for the period ended 31 March 2015

(f) Retirement and other employee benefits

The Company operates defined plans, viz., gratuity, for its employees. Under the gratuity plan, every employee who has completed at least five years of service gets a gratuity on departure @ 15 days of last drawn salary for each completed year of service.

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

(g) Income taxes

Tax expense comprises current and deferred tax. Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdictions where the company operates. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current income tax relating to items recognized directly in equity is recognized in equity and not in the statement of profit and loss.

(h) Segment reporting

The company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the company as a whole.

(i) Earnings / (Loss) Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they are entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

ADANI AGRI LOGISTICS (DEWAS) LIMITED**Notes to financial statements for the period ended 31 March 2015**

(j) Provisions

A provision is recognized when the Company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

(k) Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.

(l) Foreign currency translation**Reporting Currency**

The reporting currency of the company is Indian Rupee.

Initial Recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. All exchange differences are recognized as income or as expenses in the period in which they arise except those which are directly relate to fixed assets acquired from outside India, adjusted in the cost of fixed assets up to the date of capitalization in the period in which they arise.

(m) Cash and Cash equivalent

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.
