INDEPENDENT AUDITOR'S REPORT

To,
The Members,
ADANI MURMUGAO PORT TERMINAL PRIVATE LIMITED
Ahmedabad.

Report on the Financial Statements

We have audited the accompanying financial statements of **ADANI MURMUGAO PORT TERMINAL PRIVATE LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2015, the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the company has in place an adequate internal financial controls system over financial reporting and operating effectiveness of such control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on financial statements.

ADANI MURMUGAO PORT TERMINAL PRIVATE LIMITED

Notes to financial statements for the year ended March 31, 2015

1 Significant Accounting Policies

1.1 Basis of Preparation

The financial statements of the Company have been prepared in accordance with the generally accepted accounting principles in India (Indian GAAP). The Company has prepared these financial statements to comply in all material respects with the accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules 2014. The financial statements have been prepared on an accrual basis under the historical cost convention. The accounting policies have been consistently applied by the Company and are consistent with those used in the previous year.

1.2 Use of estimates

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

1.3 Fixed Assets

a) Fixed assets are stated at cost less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use.

b) Capital Work in Progress is carried at cost and also includes stock at site and material in transit.

1.4 Borrowing Costs

Borrowing cost that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use.

1.5 Depreciation on tangible fixed assets

- i) Depreciation on fixed asset is calculated on Straight Line Method (SLM) using the rates arrived at based on the useful lives estimated by the management. Further, pursuant to the notification of Schedule II of the Companies Act 2013, by the Ministry of Corporate Affairs effective 01 April 2014, the management has internally reassessed and changed, wherever necessary the useful lives to compute depreciation, to conform to the requirements of the Companies Act, 2013.

For assets stated in para (ii) to (iv) below, the useful lives in respect of these assets are different from the useful lives as prescribe under Part C of Schedule II of the Companies Act 2013.

Assets	Estimated Useful Life
Steel coated belt on Conveyor - Plant and Machinery	10 Years
Buoys and Fender installed at Jetty - Marine Structures	5 Years and 10 Years respectively
Leasehold Land Development, Marine Structure, Dredged Channel, Building RCC Frame Structure	Over the balance period of Concession Agreement
Carpeted Roads - Other than RCC	10 years

- (iii) Insurance spares, whose use is expected to be irregular, are depreciated prospectively over the remaining useful lives of the respective mother assets.

1.6 Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortized on straight line basis over the estimated useful economic life as follows:

Intangible Assets	Estimated Useful Life (Years)
Softwares	5 Years

The amortization period and the amortization method are reviewed at each financial year end.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

ADANI MURMUGAO PORT TERMINAL PRIVATE LIMITED

Notes to financial statements for the year ended March 31, 2015

1.7 Impairment of Assets

An asset is treated as impaired when the carrying amount of assets exceeds its recoverable value. An impairment loss is charged to the statement of profit and loss account in the year in which an asset is identified as impaired.

1.8 Leases

Where the Company is the lessee

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the statement of profit and loss, on a straight-line basis over the lease term.

Where the Company is the lessor

Leases in which the company does not transfer substantially all the risks and benefits of ownership of the asset are classified as operating leases. Assets subject to operating leases are included in fixed assets. Lease income on an operating lease is recognized in the statement of profit and loss on a straight-line basis over the lease term. Costs, including depreciation, are recognized as an expense in the statement of profit and loss.

1.9 Foreign Currency Translation

i) Initial Recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

ii) Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

iii) Exchange Differences

The Company accounts for exchange differences arising on translation / settlement of foreign currency monetary items as below:

(a) Exchange differences arising on long-term foreign currency monetary items related to acquisition of a fixed asset are capitalised or decapitalized from the cost of assets and are depreciated over the remaining useful life of the assets.

(b) Exchange differences arising on other long-term foreign currency monetary items are accumulated in the "Foreign Currency Monetary item Translation Difference Account" and amortized over the remaining life of the concerned monetary item.

(c) All other exchange differences are recognised as income or as expenses in the period in which they arise.

For the purpose of (a) and (b) above, the company treats a foreign monetary item as "long-term foreign currency monetary item", if it has a term of 12 months or more at the date of its origination. In accordance with MCA circular dated 09 August 2012, exchange differences for this purpose, are total differences arising on long-term foreign currency monetary items for the period. In other words, the company does not differentiate between exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost and other exchange difference.

1.10 Retirement and Other Employee Benefits

i) Provident fund and superannuation fund

Retirement benefits in the form of Provident fund and Superannuation fund are defined contribution schemes and the contributions are charged to the statement of profit and loss account for the year when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the respective funds.

ii) Gratuity

Gratuity liability is defined benefit obligation and is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year. Actuarial gains and losses for both defined benefit plans are recognised in full in the period in which they occur and are accounted to the 'Expenditure during Construction Account/Trial Run' till the date of commencement of commercial operation, after which the same is charged to statement of profit and loss account.

iii) Compensated Leave Benefits

The company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are taken to the 'Expenditure during Construction Account/Trial Run' till the date of commencement of commercial operations, after which the same is charged to statement of profit and loss account.

ADANI MURMUGAO PORT TERMINAL PRIVATE LIMITED

Notes to financial statements for the year ended March 31, 2015

1.11 Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

i) Income from Services:

Revenue from port operations services, cargo handling and storage are recognized on proportionate completion method basis based on the service performed. The amount recognized as revenue is exclusive of service tax and education cess where applicable.

iii) Dividends:

Revenue is recognised when the share holders' right to receive payment is established by the balance sheet date.

iv) Interest:

Income is recognised on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head 'Other income' in the statement of profit and loss.

1.12 Inventories:

Stores and Spares: Valued at lower of cost and net realizable value. Cost is determined on a moving weighted average basis. Net realizable value is the estimated current procurement price in the ordinary course of the business.

1.13 Income Taxes

Tax expense comprises of current and deferred. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act. Deferred income taxes reflect the impact of current period timing differences between taxable income and accounting income for the period and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. If the Company has carry forward of unabsorbed depreciation and tax losses, deferred tax assets are recognised only if there is virtual certainty that such deferred tax assets can be realised against future taxable profits. Unrecognised deferred tax assets of earlier years are re-assessed and recognised to the extent that it has become reasonably certain that future taxable income will be available against which such deferred tax assets can be realised.

1.14 Provisions

A provision is recognized when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best management estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best management estimates.

1.15 Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

1.16 Cash and Cash equivalents

Cash and cash equivalents for the purpose of cash flow statement comprise of cash at bank and in hand and short-term investments with an original maturity of three months or less.

1.17 Segment Reporting Policies

The Company is engaged in business of operating and maintaining port and related infrastructure. The business has single segment in terms of Accounting Standard-17 on Segment Reporting issued by the Institute of Chartered Accounts of India.

1.18 Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.
