Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

1 Nature of Operation

The project to develop and operate Chendipada Coal Block is awarded to Adani Enterprises Limited (AEL) vide letter of award (LOA) dated 27.10.2010 by UCM Coal Company Limited (UCMCCL) (Joint Venture of Uttar Pradesh Rajya Vidut Utpadan Nigam Limited, Chhattisgarh Mineral Development Corporation Limited and Maharashtra State Power Generation Company Limited) and as per the terms of the LOA, AEL was to form a project company to develop and operate the Chendipada Coal Block for exclusive use of UCMCCL. Accordingly, Chendipada Collieries Private Limited (CCPL), a wholly owned subsidiary of AEL, was incorporated on 15th October 2010 to develop and operate the Chendipada Coal Block in the District Angul in the State of Orissa for exclusive use of UCMCCL and also beneficiation, transportation and delivery of coal to end user power projects of Uttar Pradesh, Chhattisgarh and Maharashtra States. The company is awaiting regulatory and other administrative approvals to commence development works at site. Considering the facts, the accounts are prepared under going concern basis.

2 Summary of Significant Accounting Policies**a) Basis of Preparation**

The financial statements of the company have been prepared in accordance with the generally accepted accounting principles in India (Indian GAAP) to comply with the accounting standards notified under section 211(3C) of the Companies Act, 1956 ("the 1956 Act"), which are deemed to be applicable as per section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules 2014 and the relevant provisions of the 1956 Act / 2013 Act, as applicable.

The financial statements have been prepared on an accrual basis and under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

b) Use of Estimates

The preparation of financial statements in conformity with Indian GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and differences between the actual results and the estimates are recognised in the periods in which the results are known / materialised.

c) Current & Non-Current Classification

All the assets and liabilities have been classified as current or non-current as per the company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. Based on the nature of activities and time between the activities performed and their subsequent realisation in cash or cash equivalents, the company has ascertained its operating cycle as 12 months for the purpose of current / non-current classification of assets and liabilities.

d) Cash And Cash Equivalents (for purposes of Cash Flow Statement)

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

e) Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

f) Related Party Transactions

Disclosure of transactions with Related Parties, as required by Accounting Standard 18 "Related Party disclosures" prescribed under The Companies (Accounting Standards) Rules, 2006 (as amended) has been set out in a separate note forming part of this schedule. Related Parties as defined under clause 3 of the Accounting Standard 18 have been identified on the basis of representation made by key managerial personnel and information available with the Company.

g) Earnings Per Share

The Company reports basic and diluted earnings per share (EPS) in accordance with the Accounting Standard 20 prescribed under The Companies (Accounting Standards) Rules, 2006 (as amended). The Basic EPS has been computed by dividing the income available to equity shareholders by the weighted average number of equity shares outstanding during the accounting year. The Diluted EPS has been computed using the weighted average number of equity shares and dilutive potential equity shares outstanding at the end of the year.

h) Taxes on Income

i) Deferred Taxation

In accordance with the Accounting Standard 22 – Accounting for Taxes on Income, prescribed under The Companies (Accounting Standards) Rules, 2006 (as amended), the deferred tax for timing differences between the book and tax profits for the year is accounted for by using the tax rates and laws that have been enacted or substantively enacted as of the Balance Sheet Date.

Deferred tax assets arising from timing differences are recognised to the extent there is virtual certainty that the assets can be realised in future.

Net outstanding balance in Deferred Tax account is recognized as deferred tax liability/asset. The deferred tax account is used solely for reversing timing difference as and when crystallized.

ii) Current Taxation

In the absense of any taxable income, provision for taxation has not been made in accordance with the income tax laws prevailing for the relevant assessment year.
